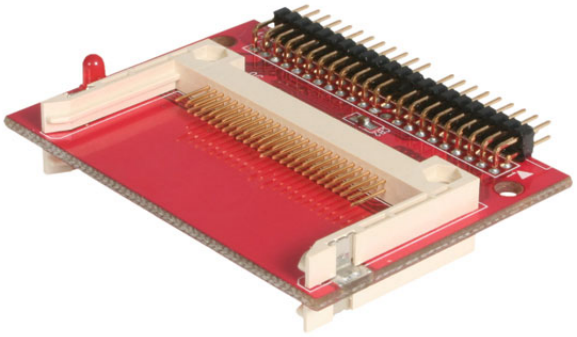
IDE 44 Pin to Dual Compact Flash SSD Adapter

StarTech ID: IDE442CF



This adapter features one IDE 44-pin male connector and two Compact Flash ports, allowing you to connect two Compact Flash (CF) type media cards to a laptop computer in place of a 2.5in IDE hard drive.

A true Do-it-yourself SSD solution, the CF to IDE adapter allows Compact Flash, Compact Flash 2, or MicroDrive media to be used as a bootable hard drive on a notebook computer and requires no software or driver installation.

Applications and Solutions

- Ideal for system builders and testers requiring a convenient way to swap drives and operating systems
- Use two Compact Flash cards as one bootable 2.5 inch IDE hard drive

Features

• All-in-one onboard solution takes care of conversion. No software/drivers or cables required
• Compatible with CFI/II, MicroDrive™
• Convert your CF for use as a SSD (solid state drive)
• On-board LED to show drive status
• Reading-performance, anti-shock ability and tolerance of the the temperature difference are better than traditional hard drives
• Use your Compact Flash cards to act as the primary bootable device
• With no moving parts, provides a silent operation that is resilient to environmental factors while reducing overall power consumption

Technical Specifications

• Warranty: Lifetime warranty
• Connectors: 2 x Compact Flash Slots
• 1 x IDE 44 pin (2.5 inch drive connector)
• Cards Supported: Compact Flash Type I, and II, and MicroDrive
• **NOTE**: Hot swapping not supported
• Carton Quantity: 40
• Shipping (Package) Weight: 0.31 lb [0.14 kg]
• Product Weight: 0.71 oz [20 g]
